

Release Note KL-3W v2.7.3.36

New Features

1. Fix "Scheduler didn't synchronize if no change in the calendar after two consecutive synchronizations"
 2. Fix "Stream status didn't synchronize on mini controller when the stream was started from other UI"
 3. Add RS-232 commands - switch the display's toolbar ON/OFF
- Notice: During the firmware update progress, please always keep the power on to prevent permanent system unstable or damage.
